School house for the A V school at Yedatore

The subscribers of the Endowment Fund (started in connection with the jubilee of 1887) of Rs 2300, agreed to the amount being appro-priated for the construction of a school house and to call the building "Sri Chamarajendra School"

× serial No

In 1896 the above Fund amounted to Rs 2567 7-3 and this amount was deposited in Govt Savings Bank It has since increased by the accrual of interest The exact amount at the credit of the Fund is not known

Serial No's 2 & 3

In January last, the D D I requested Govt sanction for the construction of a new building for the A V school at Yedatore at a cost of Rs 436, the Expenditure during the current official year being met from the Fund mentioned above

Serial No 3

The 1st Councillor's orders on this reference were as follows ——

"As to the site selected the Senior Surgeon and sanitary Commissioner may be consulted Its of the greatest

greatest importance that a school
building should be on a healthy
site and free from all objections
on sanitary grounds The opinion
of the Senior Surgeon and Sanitary
Commissioner would be most valuable
in such cases"

The above orders were communi-
cated to the D.S.I. in this office No.
8822 d 29th January 1900 Serial No 4
Ed 342

In reply the D.S.I. stated ——
"a reference to him (the Senior
Surgeon and Sanitary Commissioner)
can only cause a long and in-
convenient delay I submit that
as a rule in the case of Taluk
school buildings the selection
of a site made by me and
approved by the Ex Engineer or Deputy
Commissioner may be finally sanctioned" Serial No 5

On this reference the 1st Councillor
has remarked as follows ——
"Let me see the standing orders
which requires that the Sanitary
Commissioner should be Consulted of
all buildings I Consider a school
building a most important one,
the

3 the site selected for which must be free from all objections on sanitary grounds"

The secretary thereupon has remarked —

"I don't think there is any such standing order About new village or town sites there is a printed order (Rev Deptt)

Put up all existing orders"

The following papers are obtained from the Rev Branch and put up

ADC was written to the Officiating Senior Surgeon and Sanitary Commissioner to ascertain if there is any standing order under which the Sanitary Commr should be consulted in regard to the site selected for public buildings, more especially a school house at a Taluk HQ Quarters. Information was also called for as to whether there are any such orders in Madras or anywhere else in British India

The Senior Surgeon's reply is herewith put up From the same it will be seen that the question of a school house is not directly touched upon.

The construction of a house for the AD school appears at a cost of Rs 4366 as recommended by the DI in his letter No 65-21-2 dt 17/1/1900 has to be decided (Please see Sl No 3)

The Sanitary Commr - does not say whether there is any standing order as regards school buildings sites in the State or not. The latter is probably the cause their appear be no such ord in Madras either. The order referring to Village sites does not affect the present question

Dated 3rd July

The Engineer, the Architect, the Hospital Supdt, are all agreed as to the suitability of the site proposed. There are no Rules either in Municipal or in Madras re the Laundry Tower being erected for School buildings. Mr Bhabha urges that such consultation would lead to delay. The proposed Laundry will do no 3 agency work in connection with the construction of the Anglo Vernacular School at Yedatore now requires orders. The estimated cost is Rs 4366 of which nearly Rs 3000 has been received from the Public Fund of 1898.

From

H J. BHABHA Esq.,

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore,
General and Revenue Departments

Sir,

I have the honour to inform you that the necessity for erecting a new building for the Anglo-Vernacular School at Yedatore has been greatly felt for a long time. The school is now held in a rented building which is not suitable for the purposes of the Anglo-Vernacular School. A building with 4 rooms and a hall is required for the higher classes and the new construction as estimated to cost Rs 2366 according to the plan and estimate forwarded herewith for reference and kind return. The estimated cost does not include the PWD establishment charges which should be added to the estimate as the work has to be done by the agency of the

P.W.D. The Yedatore Jubilee Fund which amounted to Rs 2567 in 1896 has been fully given by the subscribers towards the cost of the school building. This amount has been in deposit in the Savings Bank and has increased by the accrual of interest. The exact amount at the credit of the fund at present will be ascertained. The amount of the fund will more than suffice for expenditure on the building during the current official year. A suitable site has been chosen by me in consultation with the Executive Engineer and the Deputy Commissioner, Mysore. Under these circumstances I request that Government may be pleased to sanction the construction of a new building for the Anglo-Vernacular School, Yedatore according to the enclosed design, the amount required for expenditure during the current official year being paid from the Yedatore Jubilee Fund.

I enclose herewith copies of letters Nos 366 and 1526 from the Deputy Commissioner of Mysore dated respectively 17th September 1895 and 27th February 1896

Sir

With reference to your docket-No 8822/Ed 341 of the 29th ultimo, I have the honour to inform you that the site of the Jubilee building for the Anglo-Vernacular School, Yedatore was chosen by me after careful inspection of all available sites in the town at two different visits. I consulted the Executive Engineer, the Deputy Commissioner, the Amildar and the Hospital Assistant and they all agreed with me in selecting the site which is close to the Travellers' Bungalow. Under these circumstances I should be glad to

know if Government still consider a reference to the Sanitary Commissioner about the selection of a site at Yedatore necessary In the nature of things he can only reply to my reference when he goes to Yedatore on other work and that may not be for a long time to come A reference to him can only cause a long and inconvenient delay I submit that as a rule in the case of Taluk School buildings the selection of a site made by me and approved by the Executive Engineer or Deputy Commissioner may be finally sanctioned
